---

### About Me

2 years of self-study with a certificate from the University of Minnesota Coding Boot Camp. Enjoys working in fast paced environments and learning anything regarding software development. Curious with a love to solve problems, always malleable to company standards.

---

### Skills

**Front-End:** React, JavaScript, HTML, CSS, Bootstrap, jQuery

**Back-end:** Python, Node.js, Express.js

**Databases:** SQL, MongoDB

**Additional Tools:** Sequelize, MySQL, Mongoose, Jest

---

### Experience

**Full Stack Coding Bootcamp, University of Minnesota**  
Minneapolis, Minnesota

2022-2023

- Lead Programmer for group project 1 and 3, Project Manager for group project 2.
- Average assignment result of 101.58% with consistent feedback regarding clean, polished code.
- Directed weekly tutor sessions for fellow students.
- Improved professor's MERN Authentication stack starter code.

**Hazelwood Food and Drink, Tonka Bay – *Server Trainer***  
Tonka Bay, Minnesota

2016-2022

- Lead trainer for over 140 servers at Tonka Bay location in collaboration with corporate management.
- Onboarded over 90 servers while opening 3 different multi-million-dollar restaurants across Minneapolis-St. Paul.
- Refined and revised training materials for multiple departments including Spanish translation services.

---

### Featured Projects

**Be Tethical!** | A full-stack content management system that allows users to post thoughts about any video game, and also comment on others' thoughts.

- Technologies: JavaScript, CSS, bcrypt, Express-Handlebars, Node.js, SQL, MySQL, Sequelize
- Deployed at: <https://be-tethical-production.up.railway.app/>

**Weather App** | A front end application that tracks the weather and the five-day forecast in any city around the globe.

- Technologies: JavaScript, Bootstrap, Open Weather API
- Deployed at: <https://kenny4297.github.io/Weather-App-API/>

---

### Education
